Location **Wales, South Glamorgan**

BMW R1200RT with Full set of panniers including top box and a tank mounted case too. There is a small scratch as shown on the left luggage pannier.

The ABS has been disabled via BMW dealership as the pump was causing a few issues but the bike stops on a dime! Recent all new discs and pads all round (with receipts!)

Also included in sale is the Hex GS911 diagnostic kit! (worth over £400 on its own!!)

Full service history, all old MOTs/receipts/2 sets of keys. The bike is a joy to drive - smooth, comfortable and a beast on the motorway. I've travelled all over the UK on it including a trip up to John O'Groats last year. Beautiful ride throughout.

The price INCLUDES the diagnostic tool as said already and you are more than welcome to try before you buy (with appropriate insurance of course!). I do a lot of my own servicing (oil/filter changes etc) but full servicing was done by an ex-BMW MOTORAD mechanic through a local dealership here in Bristol (Kellaway Motorcycles) - all receipts included.

Has cruise control as standard - a real mile muncher - heated grips and seats too!

Grab a bargain - please note that this is cash on collection or bank transfer only. I will also provide a full
