

17quot M and J saddlery black leather GP saddle for sale (300 GBP)

Location **South West, Wiltshire**
<https://www.freeadsz.co.uk/x-525002-z>

WILL TAKE £200 IF GONE THIS WEEKEND!! I have my saddle for sale due to my horse being pts last year and unfortunately it is never going to fit my new boy.

It is a gorgeous, very soft and supple, black, 17" English leather spring tree saddle, made by M and J saddlery, Walsall.

The flocking is lovely and soft as I had it completely reflocked just a couple of months before my boy was suddenly pts. It may need the flocking adjusted by a saddler to fit it to the shape of your horses back.

All girth straps are in very good condition. As it is a used saddle it does have the odd mark from the girth buckles and stirrup leathers but nothing that is overly noticeable or that would cause any issues.

The saddle has a medium gullet measuring 8 inches from d to d ring. It fitted well for my thoroughbred ex racer who had high withers.

I do have further photos so feel free to message me and I will send you the other photos as can only attach 3 on this ad.

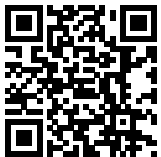

My saddler has checked it over and has valued it at £375.

Need this saddle gone so I can buy a decent saddle for my new boy, so please feel free to ask any
