With my 40 years of experience in commercial product photography and highly affordable hourly and daily rates it's got to be worth giving me a call. For a no obligation chat about your requirements and objectives take a moment to drop me a line. I can then fix up a time to come and see you to discuss and show you some of my work. Like I say, no obligation, no up front costs. Work undertaken throughout the Midlands region. No commission too small to consider. Look forward to providing you with a first rate service. Neil Mitchell
