Lovely white Victorian marble fire place and cast iron insert
Victorian fire surround for sale as we are getting a new one to fit in with the one in the dining room.

The surround has already been removed from the chimney breast, so is ready for collection, easily transported in a car. The cast iron insert is included. The top shelf is ca. 58inch long.

The bottom of one of the slips (picture 2) has cracked, but is easily repairable.
