New model of this bike retails at nearly £230. Second hand models are rarely sold as owners tend to hang on to this quality brand of bike. I have priced my bike at less than others have sold for in the past (see picture). Condition: There are a few scuff marks and scratches to the paintwork and graphics. There is just a small amount of rust on some steel parts like screws, and bolts, but nothing too serious to affect the overall performance of the bike.

Servicing: I have a workshop as in the pictures. My last pic on the advert shows what a bike shop would charge for just a service (without replacing any parts). Bike has had a 15 point service checklist, before being sold:

- WHEELS: 1] Bearings checked and adjusted for smooth running. 2] Spokes tensioned to true wheel alignment. 3] Cog lubricated. 4] Inner tubes checked and inflated to correct pressure.
CHAIN: 5] Checked for wear, tensioned correctly and lubricated. 6] Pedals lubricated.
BEARINGS: 7] Chainring, (bottom bracket) bearings checked for wear. 8] Headset (top bracket), forks bearings checked for wear.
BRAKES: 9] Levers spring tension checked. 10] Calipers spring tension set. 11] New cables in. 12] Brake pads checked and set.

GEARS: 13] New cables in. 14] Front derailleur set. 15] Rear derailleur set. ----- Bike Specifications: Colour: Red Frame material: Aluminium, Frame size: 19 inch. (L) Gears: 24 speed. Gear

shifters: Rapidfire, Wheel Size: 26 inch. Wheel material: Aluminium Brakes: Linear pull brakes
