Operating a Self Drive Hire fleet presents one of the most significant risks to insurers of all types of fleet insurance policies. As a result, very few insurers wish to participate in the market place and those that do, are extremely selective as to which operators they will insure focusing on those in rural locations with significant experience.

M&P Insurance Solutions have been advising operators of Self Drive Hire fleets for over twenty years and as such, understand exactly what it takes to make a fleet perform well. Our insurer partners recognise our expertise thus making us one of the few brokers in the UK with such a broad insurer panel for this class.
