

Sense Cyclone 5ml capacity Sub-Ohm Tank (35 GBP)

Location

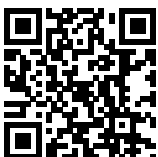

Yorkshire and the Humber, Cleveland

<https://www.freeadsz.co.uk/x-527305-z>

The Sense Cyclone is the latest and advanced sub-ohm tank released by Sense technology. It has all the features that you could ever want in a sub ohm clearomizer. The Sense Cyclone tank handles high wattage while still provides cool pure flavour. The tank is compatible with mods ranging from 50W to 150W. Meanwhile, its cooling system of separate airflow intakes greatly lessens the degree of hot vapour and hot mouthpiece to a biggest extent that brought with high wattage output.

Sense Cyclone Specs: Capacity: 5ml Size: 22.3mm x 77.0mm Material: Stainless Steel, pyrex glass tube Resistance: 0.6ohm, 0.2ohm Thread: 510 thread Recommend wattage range: 50W-150W Buy this product and earn 20 points. 100 points are worth £
