We are selling our lovely Mazda Bongo Freetop as due to expansion of grandchildren we have bought a bigger campervan! This one is great as still has 8 seat belted seats, but can also be used to sleep 4! 2 go in the roof and 2 on the flattened seats. Also it is a rare RWD diesel automatic, so better fuel consumption than many others! The seats can be reconfigured in so many ways! Maybe view utube to see examples. You can all sit round a 'table' to eat, or to the other extreme all seats can be flattened, flipped up to the side to allow use as a good spacious van! Has fully working electric blinds, electric roof lift, new mattress in roof and double memory foam mattress for main area (rolls up for storage). Fab Sony Blue Tooth USB radio/ CD player, so can connect phone fir hands free. Had lots of money spent in last 12 months so it will be an excellent reliable vehicle. New cam belt. We bought this as a new import from Japan, at which time it was rust free and it was undersealed against future rust. She's in lovely condition - viewings welcome.
