Here is my HYPER 7 TQ SPORT 1/8th buggy, it is in great condition and only been used a handful of times, engine could still do with a few more tanks of fuel to run it in. It works great and is extremely fast, this car is also 4 wheel drive with twin disc brakes an metal spur gear . Car comes with everything you need, this includes transmitter, glow stick + charger, wrench, and even some fuel (if collecting as fuel cannot be posted) so you can start using it straight away. The body shell is in perfect condition and the car can also be seen running. Sold as seen and no returns due to the nature of the hobby. Can also post if buyer pays for.
