

# Creative Media Production- Film making- Visual Effects

Location **London, London**  
<https://www.freeadsz.co.uk/x-528804-z>

We are your video production wizards, with highly developed skills in film editing and visual effects we can help you create the perfect video for your music, advertising, films and others. Working with multiple software platforms to create our art, we can work with your designs as well as create stunning designs and innovative effects. Projects we are involved with:

- Animatated music video production
  - Layer editing
  - Short film projects (from pre-production to post-production and editing)
  - After effects
  - Photoshop
  - Final Cut
  - Adobe Premiere
- Are you looking for help with editing your video, proffesional creative design and support please give us a ring.  
 We can help you get.
