First litter and we have four adorable, chunky, bulldog puppy girls left for sale. 10 weeks old, kc registered. Ready for their forever homes. Mum can be seen. All dogs healthy and vet checked. Had both injections and they are microchipped. Wormed to date. Been socialised well as brought up in the home so used to everyday noises. Constantly playing with my children. And doing really well with puppy pad training. Great dog to have with a family. Each dog goes with blanket, puppy pads, toy, food and bowl. Just something to get them started. £1650 each. Five weeks free insurance Any questions don't hesitate to
