This is my Nintendo Gamecube that I have owned since new. It has been used sparingly over the past 13 years. It works perfectly but has a few scratches on the top, as may be expected of a console of this age. Included

3 controllers (one official, two unofficial)  
 2 Memory Cards  
 Power Cable  
 Tv cable

## Games

Super Mario Sunshine - Very good condition, with manual.  
 Mario Kart Double Dash - Very good condition, with manual (great party game!)  
 Donkey Kong Konga - Boxed (little bit tatty) but the bongos are excellent condition and the game too.

Such a great little console but rarely.
