Want to learn or improve your Italian? I can help you!

Whatever your level, age, or motivations, you can achieve your goals with personalised lessons based on your learning methods and interests.

My name is Maria and I was born in Italy, where I lived and studied for most of my life.

In 2009 I moved to London, where I have been living and working since.

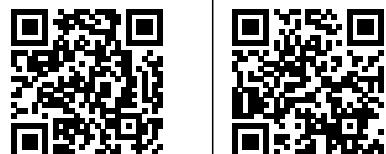

In 2015 I obtained the DITALS certification in Didactics of Italian as a Foreign Language, focused in particular on adult learning, from the University for Foreigners of Siena.

I also have a personal interest in children's language acquisition theories and practical experience working with small children.
