Boutique sound and performance  
 Uniquely versatile tube amp design by Reinhold Bogner  
 Advanced HD modeling technology

If your tone is your masterpiece, DT25 is your paintbrush. This portable 25W/10W tube amp from Line 6 and tube-amp guru Reinhold Bogner gives you four stunning, lust-worthy amp voicings and unprecedented versatility that lay the foundation for you to build your perfect tone.

The powerful combination of reconfigurable analog components and HD modeling allows the DT25 amp to be four boutique tube amps in one capable of producing stunning American cleans, British crunch, class A chime and modern high-gain. Selectable operating class, power tube mode and four Voicings (which offer the perfect combinations of negative feedback loop topology, and HD preamp and tone stack modeling) can dial in classic vintage tones or be shaped into highly customized originals G"ô and each one drips with boutique tone and touch-response. Brand new condition. Collection only or purchaser arranges courier due to.
