A Vintage Pine Low Level Chest of Five Drawers, recently refinished and waxed.

The photograph was taken with the chest standing on a table, unusual possibly but this was the only way to get a good view of it!

The chest would suit most rooms in the house, i.e. Living Room, Hallway, End Table or Bedside Table. It could also be used as a television stand.

The chest has two rows of drawers, two long drawers at the base and three smaller drawers above. Having recently been upcycled, it is a very attractive piece of furniture, with good storage space.

Measurements are:

Length: 41 inches long

Depth: 16 inches wide

Height: 19 inches high

Long drawer: 18 1/2 inches wide

Shorter drawers: 12 inches
