

Ford Focus 2005 (1,695 GBP)

Location **North, Lancashire**
<https://www.freeadsz.co.uk/x-533081-z>

I bought this terrific car around 4 years ago to commute in comfort to Lancaster from Blackpool with economy and luxury.

I no longer work away, and have just bought a Focus CC3 convertible with the same engine.

The car has 2 previous owners (the original driver, then his wife) and has been very well cared for (I'm a qualified mechanic/MOT tester).

It has a full service history and book pack. 105,500 miles (low for year).

Tyres all excellent. Drives very smoothly without fault.

4 electric windows, air con, 6 speed, alloys, machine silver, power steering, cruise control, 2 keys, remote locks, electric mirrors, auto night dip mirror, auto lights, etc. Will put a new MOT on when sold.

Please get in touch for more info and pics. .
