We have a wonderful litter of 6 F1 cockapoo puppies looking for a loving family home. We have 2 deep Red and 4 Black with unusual Red splashes on under tail and up the legs. There are 5 girls and 1 boy the boy has a blue collar on.

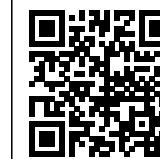

Mum is our fantastic family pet cocker spaniel.

Dad is a wonderful Fox Red miniature poodle.

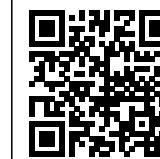

Paper work can be seen to show DNA tests and to show PRA clear.

We have been raising our babies in our family home so will be very good with children, we will be working with them with toilet training. This is lulu's second wonderful little her first litter was the same and turned out beautiful small and curly we was very pleased that they all went to loving homes. We will be taking a £200 pound deposit for our babies to secure them.

We will not be letting. Letting them go until they are 8 weeks they will be fully heath checked, had there vaccination, microchipped, deflead and wormed all up to date. Please contact me for anymore questions than
