fender strat roadhouse for sale.
18 months old and little used. Has an active bridge pickup for boosting leads but can be switched off for standard strat tones.
virtually unblemished but middle tone dial could do with tightening and a restring as it's still on its original 9s. Comes with hard case and fender strap.
located in Stroud area of glos near j13 M5
or could equally meet in Forest of Dean area as I'm between residences at present.
cant always answer calls so text 07952129240 079521292...(click to reveal full phone number) and I'll get back to.
