The Angel Investment Network platform helps entrepreneurs with great business ideas find the funding and guidance they need to grow their businesses and succeed. The biggest problem a budding entrepreneur faces is finding the right source of investment for their business; it is often not simply a question of the money but also where the money comes from. AIN connects entrepreneurs with a global network of nearly 100,000 investors so that they can find an investor with the right credentials and industry experience to grow their business.

Entrepreneurs register and submit a business proposal using a simple proposal template. Once they have created their proposal it is listed on the site for investors to analyse. There is a free novice package available to trial the service, but the paid Pro packages grant access to more features, greater exposure and ultimately a far higher success.
