

Resin Bound Gravel Driveways

Location **South East, Kent**
<https://www.freeadsz.co.uk/x-535904-z>

Revamp Driveways & Patios specialize in resin bound gravel driveways and patios.

We all know first impressions count. A new driveway can make your home more appealing and it's also a great upgrade if you are thinking of selling the property. It's possible that a new driveway can increase the value by at least 5%. For many people a usable driveway is more important than an unused garden space.

To improve the look and value of your home, we use only highest quality products that are installed by fully trained operatives. We offer a 15 year Guarantee on all our resin bound surfaces that are laid on bases prepared by Revamp Driveways & Patios.

â€

When laid on a suitable base Resin Bound Gravel is a fully permeable, SuDS compliant surface, which means it drains freely and helps to reduce the run-off water that causes flooding. Maintenance is simple, it's easily swept and a quick jet wash brings it back like new, even oil drips are washed away with soapy water.

Unlike loose gravel or bonded gravel surfaces, the resin totally covers and binds the aggregates together so there are no loose pieces of stone to get stuck in your shoes and taken indoors. The finished surface is smooth and comfortable to walk on, even in bare feet.

We cover Kent, Essex, East Sussex and the M25 inner and outer areas.
