## 8 SEATER MAHOGANY DINING TABLE

L = 216 cm  
 W = 100 cm  
 H = 75 cm

I bought this table more than 25 years ago for over £1,000 and as you can see from the pictures the table surface is in excellent condition - this is as a result of using a quality made to measure table protector which the trade don't make anymore that cost me well over £100 about 25 years ago

This table has been crafted with real wood so is solidly built however over the years of using it and moving it around, the ends have become a little wobbly but this is not something to be concerned about as it's still child safe and something that can easily be rectified by competent carpenter

PS. This advert is for the table & surface protector only; Chairs in the pictures are not included

You are welcome to come view this table before committing to buy it
