Hello-  
My name is Dylan Guthrie and I am actually posting from the USA. I'm not selling anything. But I am doing research for a project and am not sure where else to go with this...  
Recently I started doing research for an animated film about the English rock group Led Zeppelin. The film itself takes place between January of 1969 and January 1970 and is called "Friends". Partly because of the song of the same title on the "Led Zeppelin III" album. But mainly because I feel that the members of Led Zeppelin were truly friends...  
I know from research that I have already done that Robert Plant {vocalist for Led Zeppelin} grew up in the Birmingham UK area and went to school at King Edward VI until 1966. Plant himself spoke in an interview about having sat his A-Levels. So I believe that he graduated in 1966. At that time King Ed's was a grammar school for boys. I am looking to speak with those who attended King Ed's up to the summer of 1966 and may have known Plant back then...  
If you are thinking that this is another version of "Hammer Of The Gods" please don't worry. Despite hearing all the wild stories about Led Zeppelin I never bought these stories. I'm hoping that by making the film "Friends" that I can cut through the sensationalism and show Led Zeppelin as they truly were. Four young musicians who were known for their talent, dedication and.
