

# TORO 42quot Timecutter Z4200 Zero Turn Ride On Mower (1,500 GBP)

Location **South West, Hampshire**  
<https://www.freeadsz.co.uk/x-536398-z>

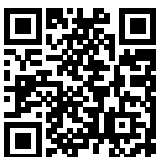

This mower is highly manoeuvrable and works well, with a powerful Kohler twin cam OHV 597cc petrol engine. It utilises a lever control system with independently operating rear wheels. This allows you to turn a full 360 degrees on the spot, ideal for when you come to tricky or enclosed spaces. It can mulch your lawn clippings or side discharge grass if required, ideal for longer or rougher conditions.

I am selling this mower as executor for my late father-in-law. It was purchased new in 2011 and has been well looked after. The paintwork is now lifting on parts of the deck as you would expect, but it all looks to be perfectly sound. There are various spares including filters, spark plugs, new blades and even a jack. The photos show a grass deflector and a mulch cover which can be fitted to suit your use.

I have been advised by a dealer that the equivalent basic machine to buy new today would be about £3600. I'm looking for £1500 cash on collection which is a pretty good bargain.

Any questions please ring or text Steve on 07890 353828 07890 3538...(click to reveal full phone) .
