I am an A2 Film and Media student at the College of Richard Collyer. I am available and willing to help anyone with any film related projects they might have, business or social. I specialise in film editing which is reflected through my YouTube channel however I am capable and happy to shoot content myself. I use all my own equipment which is somewhat limited but not at all restricted. Aside from filmmaking I also take an interest in photography however do not study this academically but I am available to take a role as a photographer if needed. You can see some examples of my photography here - <https://sophielmuir.tumblr.com/> I have previously edited short promotional films together for companies including a promotional fundraising video for AJW Aviation. I have also had experience creating film at the New York Film Academy and at London's Ravensbourne University. If you are interested in hiring an intermediate filmmaker or have any inquiries please do not hesitate to contact me at - click to contact or 07588554954 075885549...(click to reveal full phone)
