Hello, my name is Lisa Seebe and I started a nonprofit called Gifts For Charity. My aim is to craft items to help raise vital funds for charities, either by selling or donating the crafted items.

I am currently in the process of making a security blanket for Battersea Dogs and Cats Home, as well as making more jewellery. I would like to increase the range of craft items I have available, such as cards for example, but require materials to do so.

If you have any unwanted/broken jewellery, craft items, or even used/unused cards, I would love to take it off your hands, as it will help me to continue to raise vital funds for charities.

Any jewellery/cards donated that are still in good condition, I will be able to sell straight away.

I currently sell items on my website, but will be listing on "ebay for charity" soon, too.

If you don't have any of those items available, but would still like to help, please don't hesitate to get in touch to find out how to donate to my cause.

Thank you very much for looking at my ad. Please don't hesitate to contact me if you have any!
