

linx 7 windows 10 tablet (90 GBP)

Location South West, Avon https://www.freeadsz.co.uk/x-536550-z

i am selling a used linx 7 tablet running windows 10 free 64gb micro sf card to increase built in storage

windows edge internet i have been using on the tablet

complete with built in WiFi but you need your own WiFi or use public WiFi in a pub or coffee shop to connect to WiFi but i wodent advise that i would advise u use your home WiFi as the battery dosent last any longer than 2 hours at most unplugged i managed to get 1/half hours out of the tablet unplugged but that was hard pushed you get at-least 1 hour unplugged fully charged

you will need to download a virus protection i was using the basic windows defender

the tablet is in really good condition brought originally from CEX WEBSITE

comes with all the leads including a USB plug not the original USB plug but still works fine 1-1/half hours battery life unplugged when fully charged this will be great for a 1st kids tablet comes with an adaptor USB lead so you can use USB on the tablet

+ USB charger + USB wall plug
