If you are lucky enough to own a Buccaneer you will know why these are top of the range. The inside has that touch of luxury and is very well equipped. The lounge area has two leather bench settees with drawers and pull out table under the front window. There is LED lighting, Heki roof light, stereo speakers, privacy windows and a TV bracket for a flat screen TV. The kitchen has a large fridge with freezer compartment a hob, grill, oven and microwave. Beyond the kitchen is the large fixed bed and across from this is a good-sized wardrobe with plenty of storage both there and in the overhead lockers. Finally, the washroom has a large shower with separate washbasin and toilet.
