Honda F220 rotavator new never used

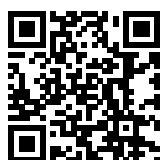

Any question please ask

Small, powerful, easy to use and easy to store. These lightweight machines are perfect for medium sized vegetable plots, allotments and gardens. Powered by a Honda GXV57 OHV 4-stroke 2.4hp engine, it is very easy to start and provides excellent torque and fuel efficiency. Features include a single speed transmission, which uses an epicyclical gearing system with pinion and bevel gear for increased efficiency under heavy load. Supplied with four 4 tooth digging tines and crop protection discs. Wide adjustable working width, of up to 545 mm, for fast work and a single speed transmission. Lightweight and ergonomic - transporting the Honda FG220 tillers around the garden is a joy, due to its low centre of gravity for excellent balance, front transport wheel with carrying handle, easy height and angle adjustable handlebars for easy storage and transport. Supplied with rear drag bar, crop protection discs and front transport wheel as standard. Optional attachments include a ridger and a rotor assembly.
