Morgan Fry Tenor Sax Mouthpiece 7* - £200.
Metal, Gold Plated Tenor Sax Mouthpiece 7* - Excellent Condition, some plating missing on rails but this is to be expected on thin rails. Bought directly from Morgan Fry see <http://morganfrymouthpieces.com/> for more information. These are £499 (with new built in lig) new but are NOT gold plated like this one. Morgan Fry Made this for me and I believe it to be a 'Jazz' model. Complete with Rovner Lig and Cap. I am selling this mpc as I no longer play on metal pieces and only use HR mouthpieces. More pics can be supplied.
