

PA and Engineer for Hire

Location **South West, Avon**
<https://www.freeadsz.co.uk/x-539821-z>

PA and Experienced Sound Engineer for hire.
Suitable for all your band/party/event needs.

As a former professional musician I understand just how important getting your sound right can be, and being able to hear where adjustments in sound levels are needed is vitally important to putting across the best sound you can deliver.

2.3kwatt Alto system including two sub woofers and monitoring. Industry standard SM58 vocal mics. Instrument and kit mics (depending on the size of the venue) put through the Yamaha MG16XU. (Up to 10 XLR inputs with 2 stereo tracks or 8 XLR with 4 stereo tracks.)

Stereo recording available.

For events catering to more than 500 people, please get in touch to discuss.
