Business Websites ~ Custom Designed for just £595

Get a Custom Designed Website based on the latest WordPress Technology.

Unlike other web designers we have direct experience of running our own portfolio of business websites in a variety of markets – this gives us a unique insight of what works; we bring these skills and knowledge with us on every project.

Our Business Web Design Package includes:

Custom Designed Websites – No Templates are used, your website is unique to you.

Domain and 12 Months Hosting with Business Email mailboxes included in the price.

We Set up and populate up c. 8 web pages with text & images – we are very flexible with this.

We add your logo to header & the design (We will create a simple logo for you if you don't have this).

We will add & configure Widgets & Plug-ins to enable features on your website. (e.g. SEO, Cache, Security etc.)

We undertake Search Engine Submission of your website to Google.

Google Analytics installed so you can get detailed website traffic analysis

We set-up 5 Blog Categories (you can add as many as you need)

All the tools you need for a successful, Business Website:

Very Flexible & Dynamic in Use. Very Search Engine Friendly – it is an SEO dream.

Easily expanded as needed, at any time Very easy to use dashboard to control the website + you can edit any page or posts online daily.

Based on WordPress technology there is a high level of internal development & the technology used is up to date.

Your website stays up to date & technical support is available for any business need.

Custom Designed to meet your needs. Keep customers up to date with the in-built Blog/News facility.
