

# Kingsize Bed for Sale 60 Leighton Buzzard (60 GBP)

Location **East of England, Bedfordshire**  
<https://www.freeadsz.co.uk/x-539881-z>

Comfortable KINGSIZE Bed with a base that folds for transporting.  
The sprung mattress is clean with no stains and, as it was always used with a mattress protector, the other side should be the same though I was not able to turn it over to check.  
The brass headboard needs a rub down as it is tarnished and could probably do with a couple of new finials as they are brass coloured plastic.  
This is heavy so will need two people to collect as the seller will not be able to help.  
Collection from Leighton Buzzard.  
From a pet and smoke free home.  
Please note this is being advertised on other.
