Hello, I'm Molly, a Brighton & Hove based gardener with a keen interest in organic growing and edible produce, as well as a love of creating beautiful outdoor spaces. I have recently freed up 2-3 days a week in my diary and am looking to take on regular clients on those days.

I'm RHS qualified, friendly and self-motivated with experience in estate gardening, private domestic gardening and organic vegetable growing. I have my own vehicle and basic tools for those customers who don't have their own and can undertake all manner of planting, weeding, pruning, propagating, composting, container gardening etc.

I also really enjoy sharing my love of the outdoors with others and have years of experience working with and teaching young people and children. If you or your family are new to gardening and are interested in getting outside more, I'd be open to running informal lessons.

If you think I might be able to help with your garden, please get in touch. I am happy to visit the garden for an initial free consultation prior to any bookings and would love to meet you!
