Founded in 2013, .With over 15 years experience in the furniture industry we have a good understanding of what makes a great product. Our main goal is to provide solid wood pine kitchens at affordable prices. Backed by an approachable and friendly personal service, we believe we can match and exceed services provided by other companies.

Our "do it yourself" modular kitchen range is designed to give you the flexibility to put together your own unique kitchen design whilst also clearly displaying the prices allowing you to keep to your preferred budget.

It is through our bespoke kitchen design service that we are able to set ourselves apart from the rest. It's no wonder that so many clients have now been relying on us for all their solid wood kitchen and furniture needs.

We promise to deliver a kitchen you can be proud.
