

# Yamaha HX-05 Organ (200 GBP)

Location **West Midlands, West Midlands**  
<https://www.freeadsz.co.uk/x-541227-z>

This is an original Yamaha MX-05 Organ with the following standard components and several accessories.

- MKX-5 - 61 double manual keyboards
- STX-1 - Keyboard Stand
- PKX-M1 - 20 Notes pedal keyboard
- BMX-M1 - Bench
- KA-20 - 100W Speakers 2 off
- CVS-10 - Voice Expander
- MDR-3 - 16 Channel Music disc recorder
- RP-3 - 8 Kb Ram Pack
- Key board cover
- All relevant manuals included.

I am selling this for my Father and I am not familiar with organs, but I have tried most of the functions and everything seems to work. I have no idea about the CVS-10 - Voice Expander and the MDR-3 - 16 Channel Music disc recorder they switch on but how they work I do not know. I have all the original instructions and the Organ can be stripped down for transport.

Even now HX organs are producing some of the finest sounds around. Although the instrument was

abandoned by Yamaha and shunned by most British organists for its bold styling and notoriously complex control panel, it still has a dedicated family of fans and an amazing sound. It is a real shame to see it go to waste if you are not a fan.
