stunning labradors puppies as you can see by the pitcher, they are real little chunkers.

there are girls & boys available and have all been fully vet checked, they are all very active and healthy and full of beans. They absolutely love the children and have been brought up in the family home with mum and dad, they are used to all the house hold noises and have been played with plenty. mum and dad are both very kind natured and loyal and obedient and are great around our children. They are on pedigree chum puppy biscuit and have been front lined, wormed up to date and have been micro chipped. mum and dad can be seen and these special little puppies are now ready to go to there loving
