Female kitten wanted in 7-8 weeks time (50 GBP)

hi looking for a female kitten who will be ready in 7-8 weeks time as we are going on holiday soon so would like to be here for their settling in period.

We would like a female kitten that is good with dogs as we have a very friendly Labrador with us already in our home. Could we also like a photo to see what they look like.

Look forward to finding a kitten to join our home many
