VW T5 T5.1 RCD 210 radio and cubby hole, with code
Gatwick RH10

This radio and cubby hole box have come out of my 2011 VW T5.1 Shuttle- replaced with an upgrade.
working order (when it came out) with the program code and booklet.
Only issue that I'm aware of is that the 6th button pops off if you press it too hard.
Otherwise good working order.
From a facelift dash, not sure if it fits other vans.

Postage from near Gatwick, or can be collected with cash.
