Pleased to announce that our girl had a litter of 6 beautiful puppies who are now very playful and cuddly.

There are now only two girls and one boy remaining.

Mother is black and brindle, father is black and white.

Outstanding pedigree - Wildax and Ringablok bloodlines with many champions.

Mother has excellent temperament and can be seen with her puppies.

All are home reared in a loving family home with children, another dog and cats, so will be well socialised.

All puppies are KC registered and will come with their certificate of five generations of pedigree,

They are all micro-chipped and up to date with their injections, as well as being wormed.

They will all also come with their own individual puppy pack.

Due to the time of year can arrange holiday cover or late collection if required.

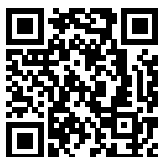

They were born on the 3rd of June so are ready now.

They can be viewed any time - I can also send photos and videos of individual puppies, especially for those living a significant distance away who may struggle to visit.

£200 deposit secures.

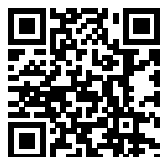

Boys - £1,300, Girls - £1,500.
