Due to a complete and sudden change in circumstances we need to find a forever home for our beautiful girl.

She is 13 weeks old and KC reg, she comes from fully health tested parents (parents test results on the puppys KC papers) She is fully vaccinated including kennel cough, wormed and flea treated. She has been legally docked and will come with all her paperwork.

She is great with cats, dogs and children.

She loves her food and is not a fussy eater. She has a wonderful placid temperament and is quick to learn, already knows several commands and loves playing fetch with her ball.

She's practically toilet trained, will go out if the door is open and will ask if it's shut. Will ask to go out at night which is only once.

She will come with all her paperwork, bed, toys, bowls, food, towel, shampoo, collar and lead.

She is an absolutely wonderful dog and this is a very difficult decision for us, but the best option for her.

Please email us and tell us a little about yourselves as she will only go to the most suitable.
