Features

The Olympus LS-20M Linear PCM Recorder answers the age-old question: "Is that a miniature studio in your pocket, or are you just happy to record me?" With its dual condenser mics capable of recording 24-bit / 96kHz PCM audio, and a built-in camcorder that can capture full 1080p high-definition video, the LS-20M fuses the best of both worlds, creating a feast for eyes and.
