

Mercedes amp Vauxhall Specialists - EGR DPF EMISSIONS Specialists

Location **South East, Surrey**
<https://www.freeadsz.co.uk/x-543424-z>

Modern vehicles use computers to analyse and detect issues that can't be easily diagnosed manually.

Any Orange or Red light / symbol on your dashboard means something is wrong or is not working. If you ignore these you may end up breaking down or having a malfunction preventing you from being able to drive.

SDS has been around since 2015, and although that isn't a long time, we have got a fantastic range of equipment and software that most garages and main dealers don't have access to!

Our Technicians are trained extensively on Mercedes and Vauxhall's, but also have tremendous knowledge of all car, van, lorry and bus mechanics and technologies.

Call Arthur on 07931 40 60
