South West, Devon Location https://www.freeadsz.co.uk/x-543511-z

The overall concept

We aim to provide a tailor-made consultancy service which is both practicable and usable. We are not in the business of producing a slick presentation, but practical hands on advice for caterers to help improve their business.

Working with the client on a day to day basis responding to the business needs and demands.

Helping you to move your business forward in a challenging environment.

We can assist in all areas from menu selection through to suppliers and staff training

We firstly target the area where your business would benefit from in the immediate period, then going forward we would work with the client to produce a long term sustainable strategy.

If you feel your business would benefit from some sound practical catering advice gained from over 15 yrs in the trade then just drop us an e mail for an initial informal discussion .

Kind regards

Colin and
