Prima Loreato VF037 Violin 4/4 size and primavera case. The Violin was purchased in 2010 for £155 (excluding any extras) but not used except for 2 months due to a child's long-term illness followed by dis-interest. Also included are:

- 3/4 bow with mother-of-pearl inlay
- Abracadabra Violin Book 2;
- Fiddle Time Scales 1;
- Violin Exam Pieces (2008-2011) grade 1;
- Resin x 2.

Everything is in pristine, like-new condition. Except, where I have taken off the coloured sticky circles the teacher placed on the neck and fingerboard, there is now a faint oil stain. However this can be cleaned easily if violin is restrung.

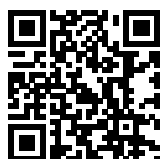

I understand this model is an upgrade from the standard entry violin and therefore is a fair price with all the extras.
