Location **Scotland, Kirkcudbrightshire**

Home conversion campervan, registered with DVLA as a campervan. We are non smokers and no pets, the van interior is very clean and in nearly new condition. Owned since Jan 2016, so not had it long but really travelled a lot in her! Spain, Germany, Scandinavia, Portugal and last month we went to Scotland. So, you can be sure the van can really do the long miles and is ready for plenty more adventures. We are selling because we just want a car now for day trips and parking is tricky where we now live.

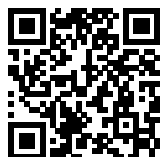

I did all the conversion work myself, so although the van is from 2007, the interior is newly bought only 1-2 years old, a nice deal! the memory foam bed is almost new, well we have slept on it!! The window, skylight, sink, cooker lights, pump for tap and gas bottle all bought from a camper supplier, the rest was all bought and put together from a DIY shop. MOT Jan, got old copies, have receipts for work done, running smoothly, can handle the hills fine, and even the small narrow roads at the top of Scotland and on Skye.

It has 3 seats at the front, double bed, space for a small child when the double bed is down, sink, cooker, gas bottle, water container, solar panel for charging the second battery that runs the lights, the water pump and whatever else you need, a heater, just a portable one that uses gas canisters. Whatever you want to know just send me a message, we only check once a day emails (sorry!) but I will get back to you or you can send me a text and that will be quicker.
