SELLING IN RETRO SHIP FOR £800!

This table has been in the family since the 60s. Used well and very loved so the wood could do with some tlc but other than that it is in fairly good condition. You can see the original shine and colour of the table in the extended centre section in the photo. The chairs are with the original covers (never known them to be missing for refurb) so they are 'bedded in' but have always been covered until any little ones knew how to handle their food! Selling as we are having an extension with built in table/seating. Many more years of happy eating in this set and it would appear they are now trendy! There are five chairs (rather than six) but if one additional one is found in the loft clear out the buyer will be contacted and the chair offered at no additional cost - but can't guarantee it will be found. No rips or flaws on the chairs but some light age related marks and currently some pressure marks on two from stacking. Any question I'm happy to.
