

# Children, Family, Maternity amp Newborn photographer

Location **East of England, Suffolk**  
<https://www.freeadsz.co.uk/x-544367-z>

Experienced, trained, fully insured and registered with the Guild of Photographer as well as BANPAS (baby and newborn photography association) studio based photographer.

I photograph newborns (extensively trained in the art of safe baby posing), sitters, toddlers, families, and children.

My 2 remaining shoots in August include half price image packages. Sitting fee is just £50. Image packages are therefore reduced to £50-75 for all your photos individually hand edited in both colour and B&W (when appropriate) onto a USB or CD, or digital download if you prefer.

I am also now taking bookings for Xmas shoots!! 4 set ups being planned to cater for babies, families, young children and older children(teenagers) or even a group of friends.

New and exciting photo concepts that will stand out from the crowd.

For high quality photos with a difference then look no further.

You can check me out on Facebook where all my reviews are 5\* and there are examples of recent work. Alternatively look up AT The Oaks Photography.

I look forward to creating cherished memories for your.
