Hi my names Anna I've been doing eyelash extensions over 3 years now And love it , every girl needs to be pampered ! I'm based in brixworth northampton

What are individual lashes ? The extensions are single strands of synthetic eyelashes that are curved to replicate a natural eyelash. They provide length and thickness to your own lashes and are available in varying lengths and thickness. They are applied to your individual eyelashes, one lash at a time. How long do they last ? Eyelash extensions last through a full growth cycle of your natural lash , could be 3/4 weeks , it all depends on a person's lash growth which is variable (just hair growth), I suggest infill lash maintenance every 2/3 weeks to maintain a full look Eyelash extensions are great for normal day to day activities , parties and holidays

Full set of individual eyelash extensions £35

In fills £20 within 2 weeks

In fills £25 after 2weeks

removal £10
