

High End CNC Router Kit 4x8
From www.eaglecnctec.com

Application
Material good for cnc router 4x8 is solid wood, MDF, plastic, PVC, acrylic, and other nonmetal materials.

Technical Parameter
XY Working Size | 4'x8'
Feeding Height | 200mm
Machining Precision | 0.1mm / 100mm
Max. Idle Running Speed | 35,000/min
Max. Routing Speed | 20,000mm/min
