Description:

If you are looking ahead and thinking about when you can retire and how much you'll be receiving in pension income then this free seminar helps attendees to understand what they have in their final salary pension and the options available to them.

Speaker John Webb, Managing Director of Midland Independent Financial Services Limited, who is a Chartered Financial Planner, has worked with employees from companies such as JLR, Barclays and Severn Trent to help them understand what then they can retire, their options and financially what this means for their future. Using real case studies John will look at a couple of different scenarios.

John will explain the benefits of a Final Salary Pension, the alternatives and the risks attached to them.

As a result of attending the seminar you should have a better understanding as to what income you'll have in retirement and the alternatives available, particularly if you'd like to retire early.
